

Cadent's Connections Charging Statement

Notification of change: Effective 01 April 2026

Subject to Condition 4B(1) of our Licence requirements, Cadent must recover costs that we reasonably expect to incur in providing our connection services.

Charges are calculated to reflect the costs we reasonably expect to incur in carrying out the necessary work. These costs include labour, materials, and other expenses required to complete the work. Each cost element will carry an appropriate level of overhead.

From 1st April 2026, we are changing our standard charges applicable for our GIRS registered & iGT organisations. You will find details of these charges within our Charging Statement using the below web address.

Standard Charges for GIRs registered & iGT Organisations

Where organisations, which are part of the Gas Industry Registration Scheme, wish to perform the following activities on our Distribution Network System, a standard administration charge will apply;

- Self-connections
- Alterations
- Disconnections

The standard administration charge is cost reflective and is dependent upon the activity to be performed, the standard administration charges that apply are set out below:

Standard Administration Charges (excl. VAT)

Pricing Tier SLA % +/-	Gold => 95% in D14 & RFT*	Silver 90 – 94% in D14 & RFT*	Bronze <90% in D14 & RFT*
