### Metering Charging Statement 1 April 2019

---

**This booklet sets out the metering charges that Cadent will apply for services provided under the Uniform Network Code from 1 April 2019**

The diagram below shows Cadent's operational areas

Some of Cadent's metering charges are regulated by a price control set by Ofgem, the gas industry regulator. Ofgem has set tariff caps for four key metering and meter reading services.

Cadent's charges for these services must not exceed the tariff caps. The tariff caps change each year by inflation in accordance with Special Condition 4D of Cadent's licence

Cadent would welcome your views on any aspect of its metering service, its charges or the contents of this statement.

All charges shown are exclusive of VAT
