

Cadent

Alternative connections providers

Promoting customer choice in connections...

We are not the only company who can provide a quotation for a new gas supply or work on existing gas pipes/infrastructure. You have a choice of companies, Utility Infrastructure Providers (UIPs), that you can use for gas services. Please see our Customer Choice Booklet for more information.

Please note: If you are a domestic customer requiring standard work, then these other companies may not be able to provide you with a competitive quotation.

We are not responsible for the processing of your information by a UIP, nor is our responsible for any quotations, statements, information, goods or services provided, or agreed to be provided, by a UIP or for any failure, delay or any other liability arising from them providing those goods and services.

We do not receive any payment from UIPs in respect of passing information to them.

Cadent
Your Gas Network

New domestic connections

The following companies can provide a new domestic connection to Cadent's distribution network...

Company name	Email address
Fulcrum Infrastructure Services Limited	keith.stout@fulcrum.co.uk
Fulcrum Infrastructure Services Limited	enquiries@fulcrum.co.uk
