PROPOSAL: Request for an Environmental Determination

Further to your email of 15 February 2021, South Lakeland District Council has considered the contents of: (1) the covering letter from Cadent Gas Ltd. dated 04 February 2021; and (2) the Ulverston Gas Pipeline Diversion, Environmental Constraints Report (dated 07 October 2020) produced by Jacobs, and has determined that, in its opinion, the proposed works do not constitute EIA development and no Environmental Statement is required.

If you need to discuss any aspect of this letter further then please contact
