

Cadent's Connections Charges

Effective from 21 June 2021

Subject to the requirements of Condition 4B(1) of our Licence, Cadent must recover costs that we reasonably expect to incur in providing our connection services.

Charges are calculated to reflect the costs which we reasonably expect to incur in carrying out the required connections work. These costs include labour, materials, and any other expenses required to complete the work. Each costs element will carry an appropriate level of overhead.

With effect from 21 June 2021 there will be changes to the way we price our standard Connections and Alterations charges for New & Existing properties.

These changes include the implementation a new pricing structure that will include a standard base cost x £per metre

New & existing connections

The standard base costs will be specific to each network:

Zero Length jobs

East Anglia	East Midlands	London	North West	West Midlands
£390	£370	£425	£370	£370

The rate per metre costs will be specific to each network:

East Anglia	East Midlands	London	North West	West Midlands
£60	£55	£75	£55	£55

If a customer has a 'zero length' job, the standard base cost only will apply.

Where the length in private is ≥ 41 m an additional charge of £15 per metre will be added to the quotation (up to a total length of 63m)

If the customer wishes to complete the excavation in their own private land, then a 70% discount will be applied to the total cost per metre.

The customer will also have the option to provide their own meter box, however, if they require Cadent to provide this then a fixed cost of £40 will apply.

If there is a requirement for a kiosk this will be an additional cost of £295 to cover the cost of the kiosk.

Alterations

The standard base costs will be specific to each network:

East Anglia	East Midlands	London	North West	West Midlands
£520	£500	£555	£500	£500

The rate per metre costs will be specific to each network:

East Anglia	East Midlands	London	North West	West Midlands
£60	£55	£75	£55	£55

If a customer has a 'zero length' job, the standard base cost only will apply.

If the customer wishes to complete the excavation in their own private land, then a 70% discount will be applied to the total cost per metre.

The customer will also have the option to provide their own meter box, however, if they require Cadent to provide this then a fixed cost of £40 will apply.

If there is a requirement for a kiosk this will be an additional cost of £295 to cover the cost of the kiosk.

The customer will also have the following options:

- Customer arranges own gas safe engineer to relocate the meter
- Customer arranges their own internal pipework (including the purge & relight of appliances)

A deduction of 5% will be applied to the standard base cost.

A cost of £30.00 (excluding VAT) will be charged, per metre for any internal pipework that is laid, over 3m.
