

Safety Seymour's School Box - Guidance Notes

Hello!

Firstly, thank you for taking part in this initiative. We hope you and your class have fun. Please keep this box safe as we will collect it on our return in the next academic year.

What's involved:

Once your class has taken part in a Safety Seymour CO Awareness Day, you will be left with your own school box. This will stay in your class year on year, unless you choose to opt out of the initiative, at which point we will collect the box and its content. The idea is that it's a rolling scheme for Yr 2 children. Each year the facilitator returns, they will replenish the box resources and swap the home pack for one that is refreshed. It's important to find a safe location for the box, so that the resources aren't mislaid between visits, as they can be expensive to replace.

Box contents:

30 x Seymour Keyrings
30 x Certificates
30 x A4 Blank Journal Templates
30 x A4 Questionnaires
1 x Seymour Drinks Bottle
1 x Home Pack (Seymour Bear, bag, clipboard, 3 x laminates)

Given on Safety Seymour Delivery Day 30 x CO Alarms (plus disclaimer forms)
30 x Safety Seymour Booklet

If your class exceeds 30 pupils more resources will be provided to cater for them.

How Does it Work?:

Following our visit, each child will have the opportunity to take the Home Pack away for a few days. This should include :

Home Pack: The Bag
 Seymour the Bear
 A Clipboard
 3 Laminated Sheets
 1 x Blank Journal Template
 1 x Blank Parent Questionnaire

Each child is encouraged to enjoy the activities in the pack, along with their family. There is a treasure hunt and a journal to complete. The child then brings the pack (including all contents) back into school, with their journal completed. The journal is placed into the purple folder and the clipboard is replenished with a new blank Journal, ready for the next child. When each child returns the pack to school, they will receive a certificate (please insert their name) and a keyring to congratulate them on taking part. Once every child has completed the initiative, we were hoping you could pick the best journal and award this child with the Safety Seymour drinks bottle included. If you have permission and can [TWEET US](#) the winning entry, that would be fantastic.

Booking Next Years Date:

As soon as you are able to, give us a call or email to book next years date.
