Company Registration Number: 10080921

Cadent Services Limited

Annual Report and Financial Statements

For the year ended 31 March 2021

Strategic Report

For the year ended 31 March 2021

The Directors present their Strategic Report for Cadent Services Limited ("the company") for the year ended 31 March 2021.

Review of the business

The company's principal activities are the provision of services (including property management) to Cadent Gas Limited. In the current year the company has retained the same number of properties in its portfolio and rental charges have remained in line with the previous year.

Results

The company's revenue of £2,923,000 (2020: £2,923,000) comprises rental income charged on its 22 properties to Cadent Gas Limited. The company made a loss in the financial year of £86,000 compared to a profit of £2,020,000 in 2020. This is attributable to an increase in the environmental provision charge to £3,473,000 (2020: £36,000), offset by a higher tax credit of £1,286,000 (2020: £13,000).

Financial position

The financial position of the company is presented in the statement of financial position. Total shareholders' funds at 31 March 2021 were £4,240,000 (2020: £4,326,000) with the decrease primarily driven by an increase in provisions of £3,242,000 and reduction of fixed assets of £532,000 due to depreciation, partly offset by an increase in the deferred tax asset of £1,269,000, cash and cash equivalents of £1,514,000 and a reduction in amounts owed to fellow group subsidiaries of £906,000.

Key performance indicators and principal risks and uncertainties

As the company is part of a larger Group, the management of the company does not involve the use of key performance indicators, other than the profit or loss for the year, in measuring the development, performance or the position of the company and the principal risks and uncertainties are integrated with the principal risks of Cadent Gas Limited. For information on the development, performance, risks, uncertainties and position of Cadent Gas Limited and fellow Group subsidiaries, and of the key performance indicators used, refer to the Strategic Report included in Cadent Gas Limited's Annual Report and Accounts 2020/21, which does not form part of this report.

Future developments

By nature of its operating business, the company has not been significantly impacted by COVID-19, and the Directors believe the current level of trading activity as reported in the income statement will continue in the foreseeable future, with no anticipated significant movements in the statement of financial position.

As a property company with the principal activity being the provision of services to Cadent Gas, the operating company within Quadgas Holdings TopCo Limited Group, Cadent Services is not significantly impacted by climate change. For information on how climate change will impact Cadent Gas Limited, refer to the Strategic Report in Cadent Gas Limited's Annual Report and Accounts 2020/21.

Strategic Report (continued)

For the year ended 31 March 2021

S172 Statement

The following statement describes how the Directors have had regard to the matters set out in section 172(1) (a) to (f) when performing their duty under section 172 of the Companies Act 2006.

The company's principal activities are the provision of services, including property management, to Cadent Gas Limited. The company has no employees, however as a wholly owned subsidiary company within the Group, the Directors consider the impact of the company's activities on its stakeholders, consisting of its shareholder, Cadent Gas Limited and other stakeholders including (but not limited to) Ofgem (The Office of Gas and Electricity Markets), the UK Government, and members of the consortium who together own the ultimate parent company, Quadgas Holdings TopCo Limited. Whilst not directly regulated itself, the company maintains a close relationship with Ofgem, via the fellow Group subsidiary company Cadent Gas Limited.

The company's stakeholders are consulted routinely on a wide range of matters including funding decisions, investment strategy, delivery of the Group's strategy, governance and compliance with Group policies with the aim of maximising investment returns for the benefit of its shareholder and ensuring that its subsidiaries maintain high standards of business conduct and governance. The Board considers the consequences of its decisions through these consultations to ensure that the long-term interests of the company are protected.

As a property company within the Group, the company owns property and leases these Cadent Gas Limited, a fellow Group subsidiary, as well as providing other property services. The Board considers the company's activities in light of the Group's environmental, corporate and social responsibility strategies, as such the Board receives information on these topics from management to make better informed Board decisions.

The Directors continued to provide oversight governance of its subsidiaries to ensure that they comply with the Group's policies and maintain high standards of business conduct which are a key priority for the Group. The Management provide regular updates on its activities to the Directors.

For further information on the Group activities and disclosure please refer to the Cadent Gas Annual Report and Accounts 2020/21.

The Strategic Report was approved by the Board and signed on its behalf by:

S G Hurrell Director 14 July 2021

Directors' Report

For the year ended 31 March 2021

The Directors present their Report and the audited financial statements of the company for the year ended 31 March 2021.

Future developments

Details of future developments have been included within the Strategic Report on page 1.

Dividends

During the year the company did not pay any interim ordinary dividends (2020: £Nil).

The Directors do not recommend the payment of a final ordinary dividend.

Political donations and political expenditure

The company did not make any donations during the year (2020: £Nil).

Financial risk management

The management of the company and the execution of the company's strategy are subject to a number of financial risks. The Directors have identified the need to manage the company's material financial risks, including liquidity, credit and interest rate risks. These risks are monitored through Cadent Gas Limited's Treasury management function which invests surplus funds, mitigates foreign exchange exposure and manages borrowings for Cadent Gas Limited and other Group subsidiaries.

By nature of its operating business, the company has limited exposure to the impacts of Brexit.

Liquidity risk

The company finances its operations through a combination of retained profits, new share issues and intercompany balances to ensure that the company has sufficient long-term and short-term funds available for current operations and future activities.

We believe our contractual obligations can be met from existing cash and investments, operating cash flows and internal or external financing that we reasonably expect to be able to secure in the future, together with the use of committed facilities if required. The company has not experienced any adverse impact on cash flows as a result of COVID-19.

Credit risk

The company has implemented policies that require appropriate credit checks on potential customers before sales are made. No material exposure is considered to exist in respect of all loan balances.

The company has assessed whether there is any impact of COVID-19 on credit risk. The impact was deemed to be limited given the nature of the business in that the company receives rental income from Cadent Gas Limited which continues to trade and operate as a going concern.

Interest rate cash flow risk

The company has no interest bearing assets and the intercompany liabilities are interest free.

Directors' Report (continued)

For the year ended 31 March 2021

Directors

The Directors of the company during the year and up to the date of signing of the financial statements were:

M W Braithwaite S G Hurrell J Korpancova

Directors' indemnity

Quadgas HoldCo Limited has arranged, in accordance with the Companies Act 2006 section 234 and the Articles of Association, qualifying third party indemnities against financial exposure that Directors may incur in the course of their professional duties. Alongside these indemnities, Quadgas HoldCo Limited places Directors' and Officers' liability insurance for each Director and these costs have been borne by Quadgas HoldCo Limited.

Going concern

The statement of financial position shows net current liabilities of £21,867,000 at 31 March 2021 (2020: £24,145,000). The income statement shows income for the year ended 31 March 2021 of £2,923,000 (2020: £2,923,000) and the loss for the financial year is £86,000 (2020: profit of £2,020,000). The company continues to receive rental income from Cadent Gas Limited which continues to trade and operate as a going concern. See Cadent Gas Limited Annual report and accounts for further details. The leases held with Cadent Gas are typically renewed every 10 years and the company is currently in the process of renewing it's existing leases.

The Directors have received a letter of support from the company's parent, Quadgas MidCo Limited, stating that it will not ask, for a further 12 months from the date the financial statements are signed, for the reimbursement or repayment of loans granted to the company which would materially affect the company's financial capacity. The Directors of Quadgas MidCo Limited consider it appropriate to prepare the financial statements of Quadgas MidCo Limited on a going concern basis. See Quadgas MidCo Limited Annual Report and Accounts for further details.

By nature of its operating business, Cadent Services has not been significantly impacted by COVID-19, and having made enquiries and reviewed management's assessment of the going concern assumption, the Directors consider it appropriate to prepare the financial statements on a going concern basis. The going concern basis presumes that the company has adequate resources to remain in operation, and that the Directors intend it to do so, for at least one year from the date the financial statements are signed.

Capital structure

The share capital of the company consists of 2 ordinary shares of £1 each. There have been no changes in the capital structure during the year.

Post balance sheet events

There were no post balance sheet events in the year.

Directors' Report (continued)

For the year ended 31 March 2021

Disclosure of information to the auditor

Having made the requisite enquiries, so far as the Directors in office at the date of the approval of this report are aware, there is no relevant audit information of which the auditor is unaware, and each Director has taken all reasonable steps to make themselves aware of any relevant audit information and to establish that the auditor is aware of that information. This confirmation is given and should be interpreted in accordance with the provisions of section 418 of the Companies Act 2006.

The auditor has indicated their willingness to continue in office, and a resolution that they be re-appointed will be proposed at the annual general meeting.

Statement of Directors' responsibilities

The Directors are responsible for preparing the Annual Report and the financial statements in accordance with UK applicable law and regulation.

Company law requires the Directors to prepare financial statements for each financial year. Under that law the Directors have elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law), including FRS 102 'The Financial Reporting Standard applicable in the UK and Republic of Ireland' ('FRS 102'). Under company law the Directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that year. In preparing these financial statements, the Directors are required to:

- select suitable accounting policies and then apply them consistently;
- state whether applicable United Kingdom Accounting Standards, including FRS 102, have been followed, subject to any material departures disclosed and explained in the financial statements;
- make judgements and accounting estimates that are reasonable and prudent; and
- prepare the financial statements on the going concern basis unless it is inappropriate to
 presume that the company will continue in business.

The Directors are responsible for keeping adequate accounting records that are sufficient to show and explain the company's transactions and disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that the financial statements comply with the Companies Act 2006.

The Directors are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

The Directors' Report was approved by the Board and signed on its behalf by:

S G Hurrell Director 14 July 2021

Registered office: Ashbrook Court Prologis Park Central Boulevard Coventry CV7 8PE Registered in England and Wales Company registration number: 10080921

Independent auditor's report to the members of Cadent Services Limited

Report on the audit of the financial statements

Opinion

In our opinion the financial statements of Cadent Services Limited (the 'company'):

- give a true and fair view of the state of the company's affairs as at 31 March 2021 and of its profit for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice, including Financial Reporting Standard 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland"; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

We have audited the financial statements which comprise:

- the statement of comprehensive income;
- the statement of financial position;
- the statement of changes in equity; and
- the related notes 1 to 17.

The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards, including Financial Reporting Standard 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" (United Kingdom Generally Accepted Accounting Practice).

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the auditor's responsibilities for the audit of the financial statements section of our report.

We are independent of the company in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the Financial Reporting Council's (the 'FRC's') Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Conclusions relating to going concern

In auditing the financial statements, we have concluded that the directors' use of the going concern basis of accounting in the preparation of the financial statements is appropriate.

Our evaluation of the directors' assessment of the company's ability to continue to adopt the going concern basis of accounting included:

- Evaluation of financing facilities including the nature of facilities, repayment terms and covenants;
- Assessment of linkage to business model and medium-term risks;
- Evaluation of assumptions used in the forecasts;
- Assessment of amount of headroom in the forecasts (cash and covenants);
- Evaluation of sensitivity analysis; and
- Assessment of sophistication of the model used to prepare the forecasts, testing of clerical accuracy of those forecasts and our assessment of the historical accuracy of forecasts prepared by management.

Based on the work we have performed, we have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the company's ability

Independent auditor's report to the members of Cadent Services Limited (continued)

to continue as a going concern for a period of at least twelve months from when the financial statements are authorised for issue.

Our responsibilities and the responsibilities of the directors with respect to going concern are described in the relevant sections of this report.

Other information

The other information comprises the information included in the annual report, other than the financial statements and our auditor's report thereon. The directors are responsible for the other information contained within the annual report. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon.

Our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the course of the audit, or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether this gives rise to a material misstatement in the financial statements themselves. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

Responsibilities of directors

As explained more fully in the directors' responsibilities statement, the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the directors are responsible for assessing the company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the company or to cease operations, or have no realistic alternative but to do so.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

A further description of our responsibilities for the audit of the financial statements is located on the FRC's website at: <u>www.frc.org.uk/auditorsresponsibilities</u>. This description forms part of our auditor's report.

Independent auditor's report to the members of Cadent Services Limited (continued)

Extent to which the audit was considered capable of detecting irregularities, including fraud

Irregularities, including fraud, are instances of non-compliance with laws and regulations. We design procedures in line with our responsibilities, outlined above, to detect material misstatements in respect of irregularities, including fraud. The extent to which our procedures are capable of detecting irregularities, including fraud is detailed below.

We considered the nature of the company's industry and its control environment, and reviewed the company's documentation of their policies and procedures relating to fraud and compliance with laws and regulations. We also enquired of management, internal audit and in-house legal counsel about their own identification and assessment of the risks of irregularities.

We obtained an understanding of the legal and regulatory frameworks that the company operates in, and identified the key laws and regulations that:

- had a direct effect on the determination of material amounts and disclosures in the financial statements. These included Companies Act 2006 and tax legislation; and
- do not have a direct effect on the financial statements but compliance with which may be fundamental to the company's ability to operate or to avoid a material penalty.

We discussed among the audit engagement team including relevant internal specialists such as tax and IT specialists regarding the opportunities and incentives that may exist within the organisation for fraud and how and where fraud might occur in the financial statements.

In common with all audits under ISAs (UK), we are also required to perform specific procedures to respond to the risk of management override. In addressing the risk of fraud through management override of controls, we tested the appropriateness of journal entries and other adjustments; assessed whether the judgements made in making accounting estimates are indicative of a potential bias; and evaluated the business rationale of any significant transactions that are unusual or outside the normal course of business.

In addition to the above, our procedures to respond to the risks identified included the following:

- reviewing financial statement disclosures by testing to supporting documentation to assess compliance with provisions of relevant laws and regulations described as having a direct effect on the financial statements;
- performing analytical procedures to identify any unusual or unexpected relationships that may indicate risks of material misstatement due to fraud;
- enquiring of management, internal audit and in-house legal counsel concerning actual and potential litigation and claims, and instances of non-compliance with laws and regulations; and
- reading minutes of meetings of those charged with governance, reviewing internal audit reports and reviewing correspondence with HMRC.

Independent auditor's report to the members of Cadent Services Limited (continued)

Report on other legal and regulatory requirements

Opinions on other matters prescribed by the Companies Act 2006

In our opinion, based on the work undertaken in the course of the audit:

- the information given in the strategic report and the directors' report for the financial year for which the financial statements are prepared is consistent with the financial statements; and
- the strategic report and the directors' report have been prepared in accordance with applicable legal requirements.

In the light of the knowledge and understanding of the company and its environment obtained in the course of the audit, we have not identified any material misstatements in the strategic report or the directors' report.

Matters on which we are required to report by exception

Under the Companies Act 2006 we are required to report in respect of the following matters if, in our opinion:

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us; or
- the financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of directors' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit.

We have nothing to report in respect of these matters.

Use of our report

This report is made solely to the company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company's members as a body, for our audit work, for this report, or for the opinions we have formed.

Notes to the financial statements

For the year ended 31 March 2021

1 Summary of significant accounting policies

Cadent Services Limited is a private company and is incorporated and domiciled in the United Kingdom and is registered in England and Wales. The address of its registered office is Ashbrook Court, Prologis Park, Central Boulevard, Coventry, CV7 8PE.

The principal accounting policies applied in the preparation of these financial statements are set out as below.

(a) Basis of preparation and new accounting standards, interpretation and amendments

The financial statements of Cadent Services Limited have been prepared on the going concern basis under the historical cost basis and modified to include certain items at fair value where applicable. Items included in the financial statements are measured using the currency of the primary economic environment in which the company operates (the 'functional currency'). The financial statements are presented in pounds sterling which is also the company's functional currency.

The statement of financial position shows net current liabilities of £21,867,000 at 31 March 2021 (2020: £24,145,000). The income statement shows income for the year ended 31 March 2021 of £2,923,000 (2020: £2,923,000) and the loss for the financial year is £86,000 (2020: profit of £2,020,000). The company continues to receive rental income from Cadent Gas Limited which continues to trade and operate as a going concern. See Cadent Gas Limited Annual report and accounts for further details. The leases held with Cadent Gas are typically renewed every 10 years and the company is currently in the process of renewing it's existing leases.

The Directors have received a letter of support from the company's parent, Quadgas MidCo Limited, stating that it will not ask, for a further 12 months from the date the financial statements are signed, for the reimbursement or repayment of loans granted to the company which would materially affect the company's financial capacity. The Directors of Quadgas MidCo Limited consider it appropriate to prepare the financial statements of Quadgas MidCo Limited on a going concern basis. See Quadgas MidCo Limited Annual report and Financial Statements for further details.

By nature of its operating business, Cadent Services has not been significantly impacted by COVID-19, and having made enquiries and reviewed management's assessment of the going concern assumption, the Directors consider it appropriate to prepare the financial statements on a going concern basis. The going concern basis presumes that the company has adequate resources to remain in operation, and that the Directors intend it to do so, for at least one year from the date the financial statements are signed. Accordingly, they continue to adopt the going concern basis in preparing the financial statements.

The company meets the definition of a qualifying entity under FRS 100 (Financial Reporting Standard 100) issued by the Financial Reporting Council, as it is a member of a group where the parent of the Group prepares publicly available consolidated financial statements which include the company's results.

The financial statements have been prepared in accordance with applicable UK accounting and financial reporting standards (FRS) and the Companies Act 2006. The financial statements have been prepared in accordance with Financial Reporting Standard 102 (FRS 102) issued by the Financial Reporting Council.

As permitted by FRS 102, the company has taken advantage of the disclosure exemptions available under that standard in relation to presentation of a cash-flow statement, standards not yet effective, remuneration of key management personnel and related party transactions.

Where relevant, equivalent disclosures have been presented in the consolidated financial statements of Quadgas MidCo Limited.

Notes to the financial statements (continued)

For the year ended 31 March 2021

1 Summary of significant accounting policies (continued)

(a) Basis of preparation and new accounting standards, interpretation and amendments (continued)

The preparation of financial statements may require management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosures of contingent assets and liabilities and the reported amounts of turnover and expenses during the year. Actual results could differ from these estimates.

The following amendments to FRS 102 are effective in the year ended 31 March 2021 however are either not applicable to, or have not had a material impact on, the company:

- Amendments to FRS 102 - Interest rate benchmark reform; and

- Amendments to FRS 102 and FRS 105 - COVID-19-related rent concessions

(b) Turnover

Turnover comprises rent and associated property income from tenants, derived from properties situated in the United Kingdom and is stated net of value added tax. Rental income from internal sources is recognised monthly in line with the rental service agreements whereas from external sources, it is invoiced quarterly in advance but recognised monthly in line with the rental service provided.

(c) Finance income

Finance income is accrued on a timely basis by reference to the principal outstanding and at the effective interest rate applicable. Loans receivable are carried at amortised cost using the effective interest method less any allowance for estimated impairments. Impairments are calculated using the expected credit loss approach by calculating the probability of default and the estimated recoverable amount given default. A provision is established for impairments using the expected credit loss approach by calculating the probability of default and the estimated recoverable amount given default.

(d) Finance costs

Finance costs comprise of unwinding of discounts on provisions. Any increase in provisions due to the passage of time is recognised as a finance cost.

(e) Property and equipment

The cost of these assets primarily represents the amount initially paid for them. A depreciation expense is charged to the income statement to reflect annual wear and tear and reduced value of asset over time. Depreciation is calculated by estimating the number of years we expect the asset to be used (useful economical life) and charging the cost of the asset to the income statement equally over this period. The depreciation periods for property and equipment are shown in the table below:

Years

Up to 50

Depreciation periods

Freehold and leasehold buildings

Notes to the financial statements (continued)

For the year ended 31 March 2021

1 Summary of significant accounting policies (continued)

(e) Property and equipment (continued)

The company has a number of properties which are rented to other Group companies and has adopted FRS102 section 16.4 which allows investment properties rented to other group companies to be measured at cost less depreciation and impairment, rather than at fair value, removing the requirement to annually value the properties, and reclassifying them as property and equipment.

Impairment reviews are carried out if there is some indication that impairment may have occurred, or where otherwise required to ensure that the property and equipment are not carried above their estimated recoverable amounts. Impairments are recognised in the income statement, and, where material, are disclosed as exceptional. Impairment reversals are recognised when, in management's opinion, the reversal is permanent.

Impairments of property and equipment are calculated as the difference between the carrying value of the net assets of income generating units and their recoverable amounts. Recoverable amount is defined as the higher of net realisable value or estimated value in use at the date the impairment review is undertaken. Net realisable value represents the amount that can be generated through the sale of assets. Value in use represents the present value of expected future cash flows discounted on a pre-tax basis, using the estimated cost of capital of the income generating unit.

(f) Tax

The tax charge for the year is recognised in the income statement or directly in equity according to the accounting treatment of the related transaction. The tax charge comprises both current and deferred tax.

Current tax assets and liabilities are measured at the amounts expected to be recovered from or paid to the tax authorities. COVID-19 has not had a material impact on the forecast profitability of the company. The tax rates and tax laws used to compute the amounts are those that have been enacted or substantively enacted by the reporting date.

The calculation of the total tax charge involves a degree of estimation and judgement, and management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation and establishes positions where appropriate on the basis of amounts expected to be paid to the tax authorities.

Deferred tax is provided using the balance sheet liability method and is recognised on temporary differences between the carrying amount of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit.

Deferred tax liabilities are generally recognised on all taxable temporary differences and deferred tax assets are recognised to the extent that it is probable that taxable profits will be available against which deductible temporary differences can be utilised. However, deferred tax assets and liabilities are not recognised if the temporary differences arise from the initial recognition of goodwill or from the initial recognition of other assets and liabilities in a transaction (other than a business combination) that affects neither the accounting nor the taxable profit or loss.

Deferred tax assets are recognised only to the extent that, on the basis of all available evidence, it can be regarded as more likely than not that there will be suitable taxable profits from which the future reversal of the underlying timing differences can be deducted. Deferred tax is calculated at the tax rates that are expected to apply in the period when the liability is settled or the asset is realised, based on the tax rates and tax laws that have been enacted or substantively enacted by the reporting date.

Notes to the financial statements (continued)

For the year ended 31 March 2021

1 Summary of significant accounting policies (continued)

(f) Tax (continued)

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the deferred tax asset to be recovered. Unrecognised deferred tax assets are reassessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to set off current tax assets against current tax liabilities and when they relate to income taxes levied by the same tax authorities and the company intends to settle their current tax assets and liabilities on a net basis.

(g) Financial instruments

Initial recognition

Financial assets, liabilities and equity instruments are classified according to the substance of the contractual arrangements entered into.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss.

Classification and measurement

Financial instruments are classified at inception into one of the following categories which then determines the subsequent measurement methodology:

Financial assets are classified into one of the following three categories:

- financial assets at amortised cost; and
- financial assets at fair value through other comprehensive income (FVTOCI); and
- financial assets at fair value through profit or loss (FVTPL).

Financial liabilities are classified into one of the following two categories

- financial liabilities at amortised cost; and
- financial liabilities at fair value through profit and loss (FVTPL).

Loans receivable are carried at amortised cost using the effective interest method less any allowance for estimated impairments. A provision is established for impairments when there is objective evidence that the company will not be able to collect all amounts due under the original terms of the loan. Interest income, together with losses when the loans are impaired, is recognised using the effective interest method in the income statement.

Borrowings are recorded at their initial fair value which normally reflects the proceeds received, net of direct issue costs less any repayments. Subsequently these are stated at amortised cost, using the effective interest method. Any difference between proceeds and the redemption value is recognised over the term of the borrowing in the income statement using the effective interest method.

Notes to the financial statements (continued)

For the year ended 31 March 2021

1 Summary of significant accounting policies (continued)

(g) Financial instruments (continued)

Classification and measurement (continued)

Assets and liabilities on different transactions are only netted if the transactions are with the same counterparty, a legal right of set off exists and the cash flows are intended to be settled on a net basis. Gains and losses arising from changes in fair value are included in the income statement in the period they arise.

For financial assets carried at amortised cost, the amount of the impairment is the differences between the asset's carrying amount and the present value of estimated future cash flows, discounted at the financial asset's original effective interest rate.

The carrying amount of the financial asset is reduced by the impairment loss directly for all financial assets with the exception of trade receivables, where the carrying amount is reduced through the use of an allowance account. When a trade receivable is considered uncollectible, it is written off against the allowance account. Subsequent recoveries of amounts previously written off are credited against the allowance account. Changes in the carrying amount of the allowance account are recognised in profit or loss.

Derecognition

The company derecognises a financial asset only when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another entity. If the company neither transfers nor retains substantially all the risks and rewards of ownership and continues to control the transferred asset, the company recognises its retained interest in the asset and an associated liability for amounts it may have to pay. If the company retains substantially all the risks and rewards of ownership of a transferred financial asset, the company continues to recognise the financial asset and also recognises a collateralised borrowing for the proceeds received.

On derecognition of a financial asset in its entirety, the difference between the asset's carrying amount and the sum of the consideration received and receivable and the cumulative gain or loss that had been recognised in other comprehensive income and accumulated in equity is recognised in profit or loss.

Impairment of financial assets

Financial assets are impaired by calculating the probability of default and the estimated recoverable amount given default, which is used to calculate the expected credit loss. The company has taken default to be defined as a counterparty that has entered administration.

The company recognises loss allowances for expected credit losses (ECL) on financial instruments that are not measured at FVTPL, namely:

- trade receivables; and
- loan receivables; and
- other receivables.

Notes to the financial statements (continued)

For the year ended 31 March 2021

1 Summary of significant accounting policies (continued)

(g) Financial instruments (continued)

Impairment of financial assets (continued)

The company measures the loss allowances for amounts owed by fellow Group companies at an amount equal to the 12 month expected credit loss (representing a stage 1 financial model). The way this is calculated is based on the applied impairment methodology, as described below:

Stage 1: For financial assets where there has not been a significant increase in credit risk since initial recognition, and were not credit impaired on recognition, the company recognises a loss allowance based on the 12 month expected credit loss.

Stage 2: For financial assets where there has been a significant increase in credit risk since initial recognition, and were not credit impaired, the company recognises a loss allowance for lifetime expected credit loss.

Stage 3: For financial assets which are credit impaired, the company recognises the lifetime expected credit loss.

A significant increase in credit risk would by any change in circumstances specific to the counterparty or to the wider economic environment whereby the risk of default could be said to have been significantly increased within reasonable thresholds.

Evidence that the financial asset is credit impaired includes the following:

- significant financial difficulties of the counterparty; or

- a breach of contract such as default or past due event; or
- the restructuring of the loan or advance by the company that the company would not consider otherwise; or
- it is probable that the counterparty will enter bankruptcy or other financial reorganisation;
- the disappearance of an active market for an associated security because of financial difficulties.

(h) Provision for liabilities

Provision for liabilities consists of environmental costs. Environmental costs, based on discounted future estimated expenditures expected to be incurred, are provided for in full. The unwinding of the discount is included within the income statement as an interest expense.

Liabilities for environmental remediation resulting from past operations or events are recognised to the extent to which required under UK decontamination requirements and to the extent to which the amount can reasonably be estimated. Measurement of liabilities is based on current legal requirements and existing technology. The carrying amount of liabilities is regularly reviewed and adjusted for new facts or changes in law or technology. No provision is made for non-statutory decontamination costs.

Notes to the financial statements (continued)

For the year ended 31 March 2021

2 Critical accounting judgements and key sources of estimation uncertainty

In the application of the company's accounting policies, which are described in note 1, the Directors are required to make judgements, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

Key sources of estimation uncertainty

The areas of estimation that have the most significant effect on the amounts recognised in the financial statements are the assumptions included within the environmental provision. A number of uncertainties affect the calculation of the provision including the impact of regulation, the accuracy of the site surveys, unexpected contaminants, transportation costs, the impact of alternative technologies, the timing of the cashflows and the change in calculation of the discount rate. The provision incorporates our best estimate of the financial effect of these uncertainties, but future material changes in any of the assumptions could materially impact on the calculation of the provision.

The undiscounted amount of the provision at 31 March 2021 relating to gas site decontamination was \pounds 14,364,175 (2020: \pounds 13,370,083) being the best undiscounted estimate of the liability having regard to the uncertainties referred to above.

In order to give a clearer picture of the impact on our results or financial position of potential changes in significant estimates and assumptions, the following sensitivities are presented:

1) Change in discount rate by 0.1%

2) Change in future undiscounted cash flows by 10%

These sensitivities show the potential impact in the income statement (and consequential impact on net assets) for a reasonably possible range of different variables each of which have been considered in isolation (i.e. with all other variables remaining constant).

Increasing the discount rate by 0.1% decreases the provision and charge to the income statement by £199,119 (2020: £326,504). Increasing the future undiscounted cash flows by 10% increases the provision and charge to the income statement by £1,183,448 (2020: £912,224). These sensitivities both have an equal and opposite effect if the sensitivity increases or decreases by the same amount.

3 Turnover

	2021 £'000	2020 £'000
Rental Income from Group undertakings	2,923 2,923	2,923 2,923

Geographical analysis of revenue is not provided as the Company's operations are all undertaken in the UK for customers based in the UK. Rental income is generated from property leased to Cadent Gas Limited. See note 17 'Operating Leases' for further detail.

Notes to the financial statements (continued)

For the year ended 31 March 2021

4 Operating (loss)/profit

	2021 £'000	2020 £'000
Operating (loss)/profit is stated after charging/(crediting):		
Depreciation of property and equipment (note 8)	532	621
Corporate centre recharges	147	151
Increase in environmental provision (note 11)	3,473	36
Reversal of impairment of loan balances	<u> </u>	(5)
Services provided by the company's auditor For the audit of these financial statements	25	22

There were no non-audit fees (2020: £Nil).

5 Directors and employees

There were no employees of the company during the year (2020: Nil).

The emoluments of the Directors are not paid to them in their capacity as Directors of the company and are payable for services wholly attributable to other subsidiary undertakings. Accordingly, no details in respect of their emoluments have been included in these financial statements.

6 Interest payable and similar charges

	2021	2020
	£'000	£'000
Unwinding of discounts on provisions (note 11)	118	91
	118	91

Notes to the financial statements (continued)

For the year ended 31 March 2021

7 Tax

Tax charged/(credited) to the income statement

	2021	2020
	£'000	£'000
Current tax:		
UK corporation tax at 19% (2020: 19%)	16	(39)
UK corporation tax adjustment in respect of prior years	(33)	980
Total current tax	(17)	941
Deferred tax:	(4.000)	004
UK deferred tax current year UK deferred tax arising as a result of the reversal of the	(1,269)	224
expected reduction in the UK tax rate	-	(207)
UK deferred tax adjustment in respect of prior years	-	(971)
Total deferred tax	(1,269)	(954)
Total tax credit	(1,286)	(13)

The tax credit for the year is higher than the standard rate of corporation tax in the UK of 19% and the tax credit in the prior year was lower than the standard rate of corporation tax in the UK of 19%. The differences are explained below:

	2021 £'000	2020 £'000
(Loss)/profit on ordinary activities before taxation	(1,372)	2,007
(Loss)/profit on ordinary activities multiplied by standard rate of corporation tax in the UK of 19% (2020: 19%)	(261)	381
Effect of: Expenses not deductible for tax purposes Transfer Pricing Land remediation expenditure Current tax/deferred tax rate differential Prior year adjustments Deferred tax impact of change in UK tax rate	101 (309) (784) - (33) -	135 (314) (17) - 9 (207)
Total tax credit	(1,286)	(13)

Factors that may affect future tax charges

The resolution moved by the Chancellor of the Exchequer that the Corporation tax rate for financial year 2020 and 2021 shall be 19% was given statutory effect under the provisions of the Provisional Collection of Taxes Act 1968 on 11 March 2020 and therefore deferred tax was restated to 19% of temporary differences in 2020. In the March 2021 Budget it was announced that legislation will be introduced in Finance Bill 2021 to increase the main rate of UK corporation tax from 19% to 25%, effective 1 April 2023. As substantive enactment is after the balance sheet date, deferred tax balances as at 31 March 2021 continue to be measured at a rate of 19%. If the amended tax rate had been used, the deferred tax asset would have been £1.3m lower.

Notes to the financial statements (continued)

For the year ended 31 March 2021

7 Tax

The following are the major deferred tax assets and liabilities recognised, and the movements thereon, during the current reporting year:

	Financial Instruments £'000	Environmental Provision £'000	Total £'000
At 1 April 2020 (Charged) / credited to income statement	863 (108)	1,850 1,377	2,713 1,269
At 31 March 2021	755	3,227	3,982
Deferred Tax Assets at 31 March 2021	755	3,227	3,982
Deferred Tax Assets at 31 March 2020	863	1,850	2,713

The following are the major deferred tax assets and liabilities recognised, and the movements thereon, during the previous reporting year:

	Financial Instruments £'000	Environmental Provision £'000	Total £'000
At 1 April 2019 Credited to income statement	- 863	1,759 91	1,759 954
At 31 March 2020	863	1,850	2,713

Accruals and deferred income	89	82
Provisions current (note 11)	741	600
	25,910	26,668

Amounts owed to the immediate parent company are unsecured, interest free, have no fixed date of repayment and are repayable on demand. Amounts owed to fellow subsidiary undertakings mainly relate to group tax relief.

Notes to the financial statements (continued)

For the year ended 31 March 2021

11 Provisions for liabilities

The company had the following provisions during the year:

	Environmental £'000
At 1 April 2020	8,592
Additions (note 4)	3,473
Utilised	(349)
Unwinding of discount (note 6)	118
At 31 March 2021	11,834
	£'000
Current	741
Non-current	11,093
At 31 March 2021	11,834

Environmental provision

The environmental provision represents the net present value of the estimated statutory decontamination costs of old gas manufacturing sites and depots. The company does not provide for non-statutory decontamination costs. Following changes to our property strategy the remediation spend on a number of sites has been brought forward. In addition, updated estimates for remediation works were received in the year. These two factors have resulted in additions to the provision of £3.5m.

The expected decontamination costs have been discounted at a real rate of 1.0% (2020: 1.0%) to arrive at these provisions. The anticipated timing of the cash flows for statutory contamination cannot be predicted with certainty, but they are expected to be incurred over the next 60 years.

12 Share capital

	2021 £	2020 £
Allotted, called up and fully paid 2 ordinary shares of £1 each	2	2

The shares have attached to them full voting, dividend and capital distribution (including on winding up) rights; they do not confer any rights of redemption.

Notes to the financial statements (continued)

For the year ended 31 March 2021

13 Related party transactions

The company is exempt under FRS 102 33.1A from disclosing transactions with Quadgas Holdings TopCo Limited and its subsidiary undertakings where all of the voting rights are held within the Group. There were no related party transactions with other companies.

14 Commitments and contingencies

The company has no outstanding commitments or contingencies (2020: none).

15 Post balance sheet events

There were no post balance sheet events in the year.

16 Ultimate parent company

The ultimate parent and controlling company is Quadgas Holdings TopCo Limited and the immediate parent company is Quadgas MidCo Limited. The largest and smallest group which includes the company and for which consolidated financial statements are prepared is Quadgas Holdings TopCo Limited and Quadgas MidCo Limited respectively. Quadgas Holdings TopCo Limited is registered in Jersey and Quadgas MidCo Limited is registered in England and Wales.

Copies of Quadgas Holdings TopCo Limited's consolidated financial statements can be obtained from the Registered office, Quadgas Holdings TopCo Limited, 3rd Floor 37 Esplanade, St. Helier, Jersey JE1 1AD.

Copies of Quadgas MidCo Limited's consolidated financial statements can be obtained from the Company Secretary, Quadgas MidCo Limited, Ashbrook Court, Prologis Park, Central Boulevard, Coventry, CV7 8PE.

17 Operating Leases

The company has a number of operating lease arrangements as lessor. The company had the following future minimum lease payments receivable under non-cancellable operating leases for each of the following periods:

	2021	2020
	£'000	£'000
Less than one year	1,456	2,923
In two-five years	-	1,461
More than five years	-	-
	1,456	4,384

The operating leases all relate to the properties which the company leases to Cadent Gas Limited. All leases are due for renewal within the 2022 financial year.
